

# BURN-OUT

## TIRE MARK REMOVER

Burn-Out is a tough pre-spray and rubber tire mark remover. This floor cleaning detergent removes stubborn rubber marks while penetrating and loosening dried soils. It is safe, biodegradable, and has a light citrus scent.

## BENEFITS

- Removes stubborn rubber marks FAST
- Penetrates and loosens dried soils
- Dilutable for different applications
- Light citrus scent
- Biodegradable
- No carcinogenic ingredients
- Minimal

## RECOMMENDED USES

- Hard floors (all types)
- Epoxy floors
- Unfinished concrete floors
- Industrial floors

## PACKAGING

Burn-Out comes in a convenient package of 12, one quart bottles. We typically recommend using a grit type brush on your floor scrubber for best results. A grit brush will enhance unfinished concrete and you won't have to double scrub as often. On more stubborn tire marks or dirt stains, you may want to overlap the cleaning passes to ensure uniform cleaning.

\*Pre-spray only (not to be used directly in solution tank)
