

Parts Catalog

Core 50 Sweeper Scrubber

Models: Gasoline, Lpg & Diesel

PREFACE

Thank you for your purchase of the now industry standard for sweepers. PowerBoss takes great pride in offering the most dependable, reliable and best value in industrial power sweepers and sweeper / scrubbers. We set the standard.

Our Publishing Department would like to hear from you. If you see any errors, omissions or something that needs clarification in this Spare Parts Catalog please let us know. We are working hard toward perfection in our corner of the process to bring you the best you can buy. Please copy the form below, fill out and comment on how you found our catalog.

Thank you.

This is the Spare Parts Catalog for the PowerBoss Core 50 Sweeper Scrubber.

We believe this machine will provide excellent service for many years.

However, the best results will be obtained if:

- The machine is operated with reasonable care.
- The machine is maintained regularly per the maintenance schedule provided in the User Manual.
- The machine is maintained with PowerBoss Inc. supplied or equivalent parts.

All right side and left side references to the machine (except for engine) are determined by facing the direction of forward travel. The front of the engine or engine fan faces the rear of the machine. Some hardware considered to be common or locally available has been omitted from the parts section to make this manual clear. Be sure to use equivalent hardware when replacement becomes necessary.

The Model and Serial Number of your machine is shown on the I.D. name plate. This information is needed when contacting Technical Support or when ordering parts. The I.D. plate is mounted on the console of the machine left of the operator. Adjacent the main broom adjustment access door.

Example I.D Plate;

PowerBoss		175 Anderson St.	
		Aberdeen, NC 28315	
		Made in USA	
		IP X3	
CE	Model No.:		
	Serial No.:		
	Machine Weight (kg):	kW:	Year:
	Front Wheel Weight (kg):	Rear Wheel Weight (kg):	
3337940			

Parts may be ordered by phone, fax or e-mail from any PowerBoss parts and service center. Before ordering parts or supplies, be sure to have your machine model number and serial number handy. For your convenience Fill out the data block below for future reference.

MACHINE DATA Fill out at installation	
Serial Number:	_____
Engine Serial Number:	_____
Sales Rep.:	_____
Date of Install:	_____

This exploded view diagram illustrates the assembly of a mechanical device. The components are identified by numbered callouts:

- 1**: A large circular base plate with a central hole and four mounting holes.
- 2**: A curved, protective housing or cover.
- 3**: A long, thin rectangular component, possibly a blade or a sensor.
- 4**: A complex internal frame or support structure.
- 5**: A small pin or fastener used to secure the frame.
- 6**: A small cylindrical component, likely a bearing or a bush.

The diagram shows the relative positions and assembly sequence of these parts. The internal frame (4) is mounted on the base plate (1). The protective housing (2) is positioned to cover the top of the frame. The long component (3) is shown being inserted into the frame. The small pins (5) and cylindrical components (6) are used to secure the frame and its internal mechanisms.

This exploded view diagram illustrates the assembly of a mechanical component, likely a pump or valve. The main body (16) is a large, rectangular housing. A vertical shaft (2) is mounted on the right side, featuring a flange (7) at the top and a coupling (14) near the base. A horizontal shaft (17) is mounted on the left side, connected to a coupling (10) and a flange (31). A bracket (12) is attached to the left side of the main body. A hose (3) is connected to the bottom left of the main body. A bracket (18) is attached to the top right of the main body. A bracket (19) is attached to the bottom right of the main body. A bracket (20) is attached to the top left of the main body. A bracket (21) is attached to the top right of the main body. A bracket (22) is attached to the bottom right of the main body. A bracket (23) is attached to the bottom left of the main body. A bracket (24) is attached to the bottom right of the main body. A bracket (25) is attached to the bottom left of the main body. A bracket (26) is attached to the bottom right of the main body. A bracket (27) is attached to the top right of the main body. A bracket (28) is attached to the bottom left of the main body. A bracket (29) is attached to the bottom right of the main body. A bracket (30) is attached to the top left of the main body. A bracket (32) is attached to the top right of the main body. A bracket (33) is attached to the bottom right of the main body. A bracket (34) is attached to the top right of the main body. A bracket (35) is attached to the top left of the main body. The diagram includes 35 numbered callouts (1-35) pointing to various components and fasteners.

WARRANTY

Revision F
Effective November 1, 2008
PowerBoss Made Simple Industrial Limited Warranty

Minuteman International owner of PowerBoss warrants to the original purchaser/user that the product is free from defects in workmanship and materials under normal use. PowerBoss will, at its option, repair or replace without charge, parts that fail under normal use and service when operated and maintained in accordance with the applicable operation and instruction manuals. All warranty claims must be submitted through and approved by factory authorized repair stations.

This warranty does not apply to normal wear, or to items whose life is dependent on their use and care. Parts not manufactured by PowerBoss are covered by and subject to the warranties and/or guarantees of their manufacturers. Please contact Minuteman International for procedures in warranty claims against these manufacturers.

Special warning to purchaser -- Use of replacement parts not manufactured by PowerBoss or its designated licensees, will void all warranties expressed or implied. A potential health hazard exists without original equipment replacement.

All warranted items become the sole property of Minuteman International or PowerBoss or its original manufacturer, whichever the case may be.

PowerBoss disclaims any implied warranty, including the warranty of merchantability and the warranty of fitness for a particular purpose. PowerBoss assumes no responsibility for any special, incidental or consequential damages.

This limited warranty is applicable only in the U.S.A. and Canada, and is extended only to the original user/purchaser of this product. Customers outside the U.S.A. and Canada should contact their local distributor for export warranty policies. PowerBoss is not responsible for costs or repairs performed by persons other than those specifically authorized by PowerBoss. This warranty does not apply to damage from transportation, alterations by unauthorized persons, misuse or abuse of the equipment, use of non-compatible chemicals, or damage to property, or loss of income due to malfunctions of the product. If a difficulty develops with this machine, you should contact the dealer from whom it was purchased.

This warranty gives you specific legal rights, and you may have other rights, which vary from state to state. Some states do not allow the exclusion or limitation of special, incidental or consequential damages, or limitations on how long an implied warranty lasts, so the above exclusions and limitations may not apply to you.

	Travel*	Labor	Parts	Engine	Extended Warranty	Costs
Walk behinds						
Battery sweepers	Ninety days	One year	One year	N/A	2 years Parts + Labor (or 2000 Hours)	2%
IC sweepers	Ninety days	One year	One year	Through manufacturer	2 years Parts + Labor (or 2000 Hours)	2%
Battery scrubbers	Ninety days	Two years	Three years	N/A	3 Years Parts + Labor (or 3000 Hours)	2%
Riders						
Battery scrubbers	Ninety days	Two years	Three years/2000 hrs	N/A	3 Years Parts + Labor (or 3000 Hours)	2%
IC sweeper/scrubbers	Ninety days	Six months	Two years/2000 hrs	Two years/3000 hrs**	2 years Parts + Labor (or 2000 Hours)	3%
IC sweepers	Ninety days	Six months	Four years/3000 hrs	Five years/3000 hrs**	4 Years Parts + 2 Years Labor (or 4000 Hours)	3%
Exceptions						
Apex series sweeper	Ninety days	One year	One year/1000 hrs	One year/1000 hrs**	2 years Parts + Labor (or 2000 Hours)	3%
6X sweeper	Ninety days	Six months	Two years/2000 hrs	Two years/2000 hours**	2 years Parts + Labor (or 2000 Hours)	3%

Tank Bladders	Eight years/ no additional labor
Polypropylene plastic tanks	Ten years/ no additional labor
Batteries	0-3 months full replacement, 4-12 prorated credit
Chargers	One-year replacement
Replacement parts	Ninety days

*Two-hour cap

**Through engine manufacturer. See section 3 of warranty manual for engine warranty exceptions

*** Based upon dealer's certification status

Extended Warranty MUST be signed up within 30 days of delivery to End User (Dealer has 1Year from Receiving Machine to Sign up extended Warranty)

Extended Warranty Cost is based on Invoice Price multiplied by the Percentage listed in the Extended Warranty Column

All above labor and travel reimbursed at 65 or 75% of the published shop rate.
