

Husqvarna®

# MAKE THE BEST OF EVERY CONCRETE FLOOR

## FLOOR GRINDING SOLUTIONS

FOR A BETTER WAY OF WORKING

# Husqvarna PG 280

The PG 280 is a single disc floor grinder that you can quickly convert for edge grinding on both sides. It efficiently grinds adhesives, paint, epoxy and spackle. With a grinding width of 11 in. it is suitable for small to medium concrete areas. It is available in both 1- and 3-phase versions. Designed to facilitate an ergonomic work position, it is easy and convenient to use. The machine is light and compact and therefore easy to transport and set-up.

- Output power **2.05 hp**  
(As rated by the engine/motor manufacturer)
- ⊗ Grinding width **11 in**
- Rated input power **2 hp**
- Phases **1 ph**

## FEATURES

### Quick conversion to edge grinding

Easily removable lid covers and wheel setting enable quick conversion to edge grinding on both sides. No tools are required. Allows an upright work position.

### Easy removal

Offers efficient grinding of adhesive, paint, epoxy and spackle.

### Edge grinding

of adhesive residue, paint and spackle on medium-sized concrete areas.

### Easy to transport and set-up

The machine is light and fits easily in any car thanks to the compact design and foldable frame and dividable parts.
